

HERE be LUNGS
CONFERENCE 2019
07 & 08 March 2019 • Spier Estate • Stellenbosch

Dear Valued Client

The Divisions of Pulmonology & Neonatology of the Tygerberg Children's Hospital have pleasure in announcing the 8th conference titled "Here be lungs". Due to the devastating fire at the Lanzerac Hotel, the venue for this conference has changed to Spier Wine farm in 2018.

"Here be lungs" as in "Here be dragons" is a reference to the situation sailors of old found themselves in when they sailed off into the unknown, the uncharted waters. In Chinese, 'lung' means 'dragon' and the lung in Chinese medicine is the boundary between the inner and outer world. The lung is the whole respiratory system and has to do with boundary, breath and renewal and across this boundary vital materials are taken in and waste materials excreted.

The aim of this conference is to navigate newly described and insufficiently explored neonatal, infant and childhood lung conditions as well as cardiac and pediatric intensive care related lung conditions through state-of-the-art lectures in the respective fields. International speakers include Profs Andrew Bush, Petr Pohunek, Fabio Midulla, Ernst Eber, Heather Zar and Boris Kramer.

The conference is preceded by a bronchoscopy workshop on the 6th March.

Against the backdrop of the beautiful Winelands, the academic program is aimed at a wide range of subjects, including: antenatal diagnosis, approach to neonatal lung conditions and persistent pulmonary hypertension, interstitial lung diseases, congenital lung disease, cystic fibrosis, asthma and the wheezing infant, airway management, bronchoscopy, lung surgery, lung biopsy, interaction between the lung and the heart, interpreting chest x-rays, indications for chest CT and / or MR scans young children, ultrasound of the chest ethical dilemmas, unusual lung infections, chest wall deformities, viral infections, lung function, respiratory support for the sick child and lung malignancies.

We invite you to exhibit or to join us in what promises to be a superb scientific program.

The selected conference venue at Spier Estate can comfortably accommodate up to 150 conference delegates.

The exhibition area will be hosted in the Spier Auditorium where all lunches and tea will be served in order to maximize exposure to conference delegates. Exhibition stands will be allocated on a first come first serve basis and can only be confirmed upon receipt of exhibition fees. Please reserve your stand soonest in order to avoid disappointment.

Attached please find a form of intent confirming your participation in the 8th Here be Lungs Conference. Kindly complete these and return as soon as possible to Christelle Snyman on **e-mail** ■ csnyman@sun.ac.za or **phone** ■ +27 21 938 9245.

Warm regards
Co-chairs | organizing committee
Johan Smith & Pierre Goussard
